### **Report on the Financial Statements**

We have audited the accompanying financial statements of Space Florida, a component unit of the State of Florida, as of and for the years ended June 30, 2013 and 2012, and the related notes to the financial statements which collectively comprise the entities basic financial statements as listed in the table of contents.

#### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinions***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Space Florida as of June 30, 2013 and 2012 and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### ***Other Matters***

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 7 to 13 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### *Other Information*

Our audits were conducted for the purpose of forming an opinion on the financial statements that collectively comprise Space Florida's basic financial statements. The schedule of travel, entertainment and incidental expenses and the schedule of expenditures of federal awards and state financial assistance, as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and Chapter 10.550 of the Rules of the Auditor General of the State of Florida, are presented for purposes of additional analysis and are not a required part of the financial statements.

The schedule of expenditures of federal awards and state financial assistance is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and state financial assistance is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The schedule of travel, entertainment and incidental expenses has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated September 19, 2013, on our consideration of Space Florida's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Space Florida's internal control over financial reporting and compliance.

## Management's Discussion and Analysis

As management of Space Florida, we offer readers of Space Florida's financial statements this narrative overview and analysis of the financial activities of Space Florida for the years ended June 30, 2013, 2012 and 2011.

Effective September 1, 2006, Pursuant to Chapter 2006-60, Laws of Florida, a law enacted by the Florida Legislature during its 2006 Regular Session, Space Florida was created as an independent special district and subdivision of the State. Space Florida serves as the State's principal government space entity, responsible for space-related infrastructure development, industry recruitment and education/research in partnership with federal agencies and private industry; for providing leadership for development of space transportation infrastructure; and for implementation of space commercialization and development programs.

Space Florida utilizes funds to operate programs that retain, attract and expand new business to Florida, and to promote Florida as the world's premier space business destination. Space Florida is responsible for accelerating the growth of space-related economic development and supports Florida's economic goals through targeted space business retention, expansion and diversification efforts in addition to promoting innovative educational, research and development and workforce development programs and space related infrastructure development projects.

As a result of the dynamic nature of Florida's space industry and the retirement of NASA's Space Shuttle program, Space Florida has developed a strategic plan ("Vision 2020") that targets a number of diversified commercial market segments for integration of space technology that has not been previously pursued with a focused state effort. These markets receive direct benefit through utilization of the current space program, or have shown great interest in the potential for benefitting from opportunities in next-generation space initiatives. Space Florida has already gained significant interest from major players in these markets, and will continue to increase its efforts to attract and secure these businesses. It will do this, in part, by focusing staff efforts on business development opportunities in these emerging sectors, with the goal of tripling the size of the space industry and its economic impact in Florida by 2020.

### Financial Highlights

- The assets of Space Florida exceeded its liabilities for the years ended June 30, 2013 and 2012 by \$89,120,364 and \$82,501,342 (net position), respectively. Of this amount, \$9,811,190 and \$12,654,083 (unrestricted net position), respectively, may be used to meet Space Florida's ongoing obligations to citizens and creditors.
- Space Florida's total net position increased by \$6,619,022 for the year ended June 30, 2013 and decreased by \$384,852 for the year ended June 30, 2012. For the year ended June 30, 2013 the increase in net position consisted of primarily from increases in State grant revenue for operations. For the year ended June 30, 2012 the decrease was primarily due to a net loss from operations and a capital asset contribution to another governmental entity offset by other non-operating grant revenue.
- For the years ended June 30, 2013 and 2012, unrestricted net position was 40 percent and 57 percent, respectively, of total operating expenditures.
- Space Florida's state appropriated revenue for operations for fiscal year 2013 and 2012 was \$10,236,994 and \$10,039,943, respectively.

## **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to Space Florida's basic financial statements. Space Florida's basic financial statements are comprised of two components: financial statements and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

The basic financial statements report information using the full accrual accounting methods as utilized by similar business activities in the public sector. The financial statements include a statement of net position, a statement of revenues, expenses and changes in net position and a statement of cash flows.

The statement of net position presents information on all of Space Florida's assets and liabilities, with the difference between the two reported as net position. Over time, changes in net position may serve as an indicator of the financial status of Space Florida.

The statement of revenues, expenses and changes in fund net position presents information showing how Space Florida's net position changed for the years ended June 30, 2013 and 2012. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The statement of cash flows presents changes in cash and cash equivalents from operational, financing and investing activities. This statement presents cash receipt and disbursement information without consideration of the earnings event, when an obligation arises or depreciation of capital assets.

The basic financial statements can be found on pages 17-21 of this report.

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements and thus are an integral part of these financial statements. The notes to the financial statements can be found on pages 23-35 of this report.

In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information. This supplementary information can be found on pages 39 and 47 of this report.

## **Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of an entity's financial status. Assets exceeded liabilities as of June 30, 2013, 2012 and 2011 by \$89,120,364, \$82,501,342 and \$82,886,194, respectively.

The following table reflects the condensed statement of net position.

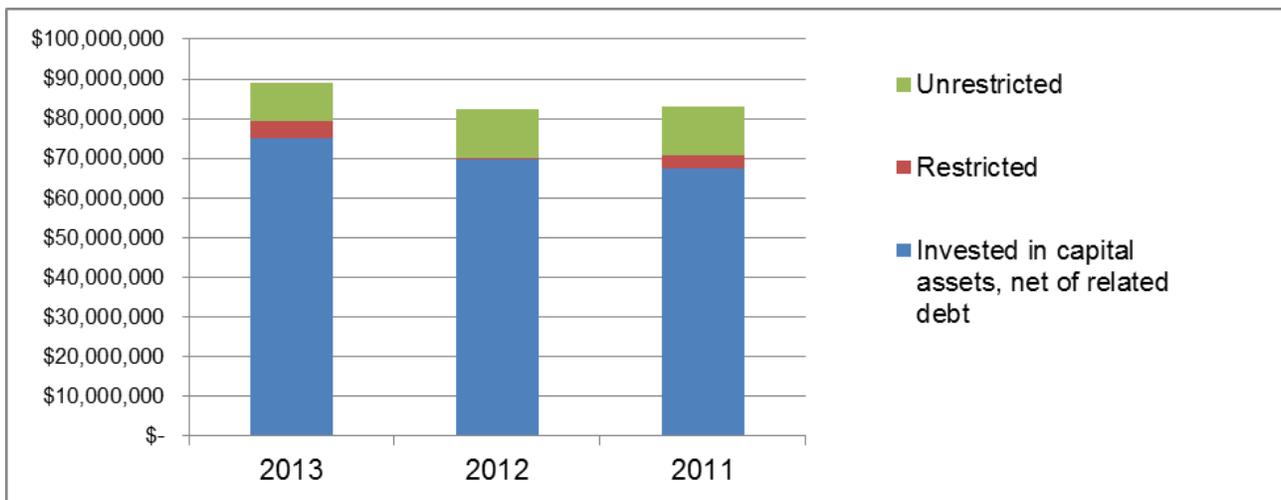

**Space Florida Net position**

	2013	2012	2011
Cash	\$ 7,048,921	\$ 5,095,811	\$ 6,481,948
Receivables	9,124,405	6,790,158	6,806,910
Investments	4,289,520	4,189,520	3,196,600
Other current assets	872,318	804,377	492,656
Capital assets	75,143,830	69,847,259	67,548,759
Lease receivable	4,098,033	5,000,000	-
Other assets	3,306,300	1,723,533	766,744
Total assets	103,883,327	93,450,658	85,293,617
Liabilities	14,762,963	10,949,316	2,407,423
Total liabilities	14,762,963	10,949,316	2,407,423
Net position:			
Invested in capital assets, net of related debt	75,143,830	69,847,259	67,548,759
Restricted	4,165,344	-	3,288,953
Unrestricted	9,811,190	12,654,083	12,048,482
Total net position	\$ 89,120,364	\$ 82,501,342	\$ 82,886,194

The largest portion of Space Florida’s net position as of June 30, 2013 (84 percent), as of June 30, 2012 (85 percent) and as of June 30, 2011 (81 percent) reflects its investment in capital assets (e.g., buildings, equipment and construction in progress), less any related debt used to acquire those assets that are still outstanding. Although Space Florida’s investment in its capital assets is reported net of related debt above, Space Florida has no outstanding debt. If such debt existed, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

As of June 30, 2013, 2012 and 2011, Space Florida was able to report positive balances in all three categories of net position.

**Net position**

The following table shows condensed revenue and expense data:

### **Space Florida Changes in Net position**

	2013	2012	2011
Operating revenues:			
Fees and charges for services	\$ 2,433,809	\$ 2,662,362	\$ 2,670,769

Grant revenue	12,303,008	3,161,465	383,590
Total operating revenue	<u>24,973,811</u>	<u>15,863,770</u>	<u>23,094,302</u>
Non-operating revenues:			
Other grant revenue	6,224,996	7,722,185	2,708,537
Other	290,458	16,714	11,105
Total non-operating revenues	<u>6,515,454</u>	<u>7,738,899</u>	<u>2,719,642</u>
Total revenues	<u>31,489,265</u>	<u>23,602,669</u>	<u>25,813,944</u>
Operating expenses:			
Business development activities	14,208,395	11,807,606	* 5,022,679
Educational research development and workforce activities	660,777	2,769,219	* 2,266,058
Operations	3,815,080	3,272,603	* 2,826,294
General, administrative and depreciation	5,861,683	4,542,223	* 3,737,995
Total operating expenses	<u>24,545,935</u>	<u>22,391,651</u>	<u>13,853,026</u>
Non-operating expenses:			
Total non-operating expenses	<u>324,308</u>	<u>1,595,870</u>	<u>16,160</u>
Total expenses	<u>24,870,243</u>	<u>23,987,521</u>	<u>13,869,186</u>
Change in net position	6,619,022	(384,852)	11,944,758
Net position – beginning	82,501,342	82,886,194	70,941,436
Net position – ending	<u>\$ 89,120,364</u>	<u>\$ 82,501,342</u>	<u>\$ 82,886,194</u>

(\*) Amounts have been reclassified to conform to the 2012 presentation.

**Changes in Net Position.** The net position balance increased \$6,619,022, decreased \$384,852 and increased \$11,944,758, for the years ended June 30, 2013, 2012 and 2011, respectively. For the year ended June 30, 2013, the increase in net position consisted of \$427,876 net gain from operations and \$6,191,146 in net non-operating revenues that included \$6,224,996 in other grant revenue and \$290,458 in interest income, less \$248,752 in interest expense and \$75,556 due to a loss on the disposal of fixed assets. For the year ended June 30, 2012, the decrease in net position consisted of \$6,527,881 net loss from operations offset by \$6,143,029 in net non-operating revenues that consisted of \$7,722,185 of other grant revenue from the Department of Economic Development, \$16,714 of interest income, less \$1,479,521 for a capital asset contributed to another governmental entity, \$105,272 in interest expense and \$11,077 foreign currency translation loss. For the year ended June 30, 2011, the increase in net position consisted of a \$9,241,276 net gain from operations and \$2,703,482 in net non-operating revenues that included \$2,708,537 in other grant revenue and \$11,105 in interest income, less \$16,160 due to a loss on the disposal of fixed assets.

Operating revenues totaled \$24,973,811, \$15,863,770 and \$23,094,302 for the years ended June 30, 2013, 2012 and 2011, respectively, and were primarily provided by State appropriated funding (41 percent, 63 percent and 87 percent of total operating revenues, respectively), with the remaining being generated from fees, charges for service and other grant revenues. In addition, Space Florida reported non-operating revenues of \$6,515,454, \$7,738,899 and \$2,719,642 for the years ended June 30, 2013, 2012 and 2011 respectively. Non-operating revenues in 2013 and 2012 consisted primarily of other grant revenues received from Florida Department of Transportation capital improvement projects.

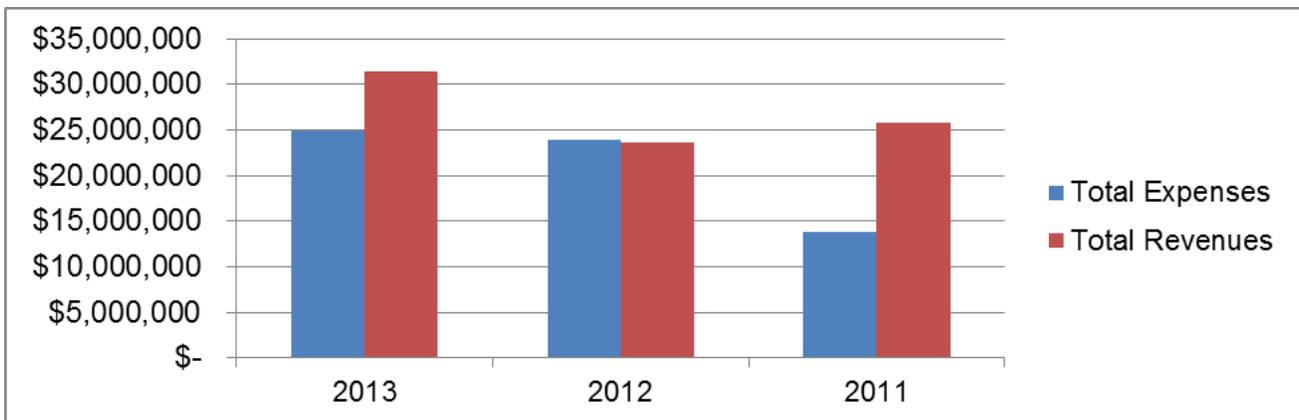

Operating expenses were \$24,545,935 for the year ended June 30, 2013, \$22,391,651 for the year ended June 30, 2012, and \$13,853,026 for the year ended June 30, 2011. Of those totals, 16 percent for the year ended June 30, 2013, and 15 percent for the year ended June 30, 2012, related to general operations, which consist of support for the execution of Space Florida's responsibilities as a state-created entity, facilities management and policy-related responsibilities. In addition, and related to ownership and management of the operation and its facilities, depreciation totaled \$3,831,809, \$3,132,930 and \$3,130,515 for the years ended June 30, 2013, 2012 and 2011 respectively.

Space Florida's strategic goal is to operate as a high performance public sector organization by tripling the size of the space industry and its economic impact in Florida by 2020. In addition, an important element of Space Florida's mission is to promote federal and state policies that increase space enterprise within the State.

As directed by statute, Space Florida is also responsible for fostering the growth and development of a sustainable and world-leading aerospace industry in the State and thus is responsible for accelerating the growth and diversification of aerospace-related economic development throughout the State. Space Florida is partnering with other State entities such as Enterprise Florida to accomplish these directives. During the period of June 30, 2013, June 30, 2012 and June 30, 2011, Space Florida expended 58 percent, 53 percent and 36 percent, respectively, of its operating expenditures to create and direct activities and programs that retain, attract and help expand aerospace businesses in Florida.

Lastly, 2 percent, 12 percent and 16 percent, respectively, was expended on education, research and development and workforce development projects for the years ended June 30, 2013, 2012 and 2011. Space Florida's role in workforce development assistance relates to meeting the specific requirements of a new or expanding business or program. Space Florida facilitates workforce opportunities through the appropriate regional workforce agency depending on the company's requirements. We continue to invest in R&D and education programs that advance the State's goals of attracting higher quality proposals and expand program impact throughout the State. These initiatives work together to pursue development of strategies that best leverage Florida's aerospace assets.

### Total Revenues and Expenses

## Capital Asset and Debt Administration

**Capital assets.** Space Florida's investment in capital assets as of June 30, 2013, 2012 and 2011 amounted to \$75,143,830, \$69,847,259 and \$67,548,759 (net of accumulated depreciation), respectively. This investment in capital assets includes buildings, improvements, construction in progress and equipment. Construction in progress as of June 30, 2013 and 2012 primarily consisted of capital improvements to Orbiter Processing Facility 3, Exploration Park and Launch Complex 36.

### **Space Florida Capital Assets (net of depreciation)**

	2013	2012	2011
SRMU storage facility	\$ 5,629,792	\$ 6,057,627	\$ 6,485,461
RLV hangar and office space	2,120,000	2,533,163	2,946,328
Orion facility	27,808,045	29,032,417	30,256,789
Space Life Sciences Lab	19,293,801	19,884,049	20,899,186
Furniture, equipment and vehicles	4,706,400	1,054,339	448,816
Construction in progress	15,585,792	11,285,664	6,512,179
Total	<u>\$ 75,143,830</u>	<u>\$ 69,847,259</u>	<u>\$ 67,548,759</u>

Additional information on Space Florida capital assets can be found in Note 6 on pages 28 to 29 of this report.

Space Florida entered into an agreement in fiscal year 2012 to purchase two research vehicles from a third party. In addition, Space Florida secured a \$5,000,000 loan to be used for the completion of the vehicles. Upon completion of the prototypes, Space Florida will lease them back to the third party at the loan repayment rate. Additional information regarding the lease arrangement and can be found in Notes 5 and 8 on pages 23 and 26, respectively.

Space Florida entered into agreements in fiscal year 2011 to purchase prototypes from third parties to test the technology and capabilities of the prototype. Upon completion of the testing period of one of the prototypes in fiscal year 2012, Space Florida leased back the prototype for a nominal lease rate. At the end of the lease the prototype can be purchased for a nominal value by the third party. As consideration for the lease and option to purchase, the third party issued ownership interest in the third party through common stock and/or warrants. Upon completion of the remaining prototypes, the same lease back and ownership interest agreement will take place. Additional information can be found in Note 14 (Seller 1, 2 & 3) on pages 33-34.

Space Florida also entered in to an agreement with a third party to purchase three production vehicles in fiscal year 2011. In fiscal year 2012, this agreement was changed to support a new prototype vehicle. Upon completion of the production of the vehicle Space Florida will lease back the prototype for a nominal lease rate. At the end of the lease the prototype may be purchased for a nominal value by the third party. As consideration for the lease and option to purchase the third party has issued ownership interest in the third party through common stock and/or warrants. Additional information can be found in Note 14 (Seller 1) on page 29 of this report.

Space Florida has agreements with the Cape Canaveral Air Force Station Center for the right to use Space Launch Complexes 36 and 46 for the development of multi-use vertical launch capabilities related to governmental, educational and commercial initiatives. Space Florida also has an enhanced use lease agreement with NASA's John F. Kennedy Space Center for 60 acres with an optional 139 additional acres to develop a mixed-use multi-tenant technology and commerce park referred to as "Exploration Park."

***Requests for Information***

This financial report is designed to provide a general overview of Space Florida's finances for all those with an interest in Space Florida's financial operations. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Space Florida, 505 Odyssey Way, Exploration Park, FL 32953.

### SUMMARY OF NON-CASH CAPITAL AND RELATED FINANCING ACTIVITIES, AND INVESTING ACTIVITIES:

During fiscal year 2012, Space Florida converted a loan receivable of \$502,381 into common stock (17,686 shares).

During fiscal year 2012, \$5,000,000 of proceeds from a note payable were sent directly from the bank to the lessee under a direct financing lease. The payments Space Florida receives from the lease receivable of \$5,000,000 will be used to pay the note payable over the repayment term.

THIS PAGE IS INTENTIONALLY LEFT BLANK.

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**REPORTING ENTITY** – Space Florida is an independent special district, a body politic and corporate, and a component unit of the State of Florida, which was created pursuant to the Space Florida Act, Sections 331.301-331.369, Florida Statutes, as amended. Space Florida's purpose is to foster the growth and development of a sustainable and world-leading aerospace industry in the State of Florida. Space Florida accomplishes its purpose by promoting aerospace business development, facilitating business financing, spaceport operations, research and development, workforce development, and innovative education programs. Space Florida is not considered an "agency" of the State for budgeting, as defined in Florida Statutes 216.011 and 287.012.

Effective July 1, 2012, Space Florida shall be governed by a 13-member independent board of directors that consists of the members appointed to the board of directors of Enterprise Florida, Inc., by the Governor, the President of the Senate, and the Speaker of the House of Representatives pursuant to s. 288.901(5)(a)7. and the Governor, who shall serve ex officio, or who may appoint a designee to serve, as the chair and a voting member of the board.

Space Florida has the authority to purchase or construct facilities, to set rates, fees and charges for the use of facilities and to undertake joint financing with municipalities or private sector entities for projects. Space Florida also has the power to issue bonds and other instruments of indebtedness. The full faith and credit of the State of Florida does not secure any bonds issued by Space Florida.

**MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION** – Space Florida's financial statements are reported using the economic resources measurement focus, which is concerned with the inflow and outflow of resources that effect an entity. The Statement of Net Position reflects those resources available to meet current obligations and to be used in the delivery of goods and services in subsequent periods. The Statement of Revenues, Expenses and Changes in Net Position summarize those resources received and those consumed during the current period. The statement distinguishes between operating and non-operating revenues and expenses. Operating revenues generally result from leases, administrative fees and operating grants. Operating expenses include the costs for space business development activities, educational research development and workforce activities, operations, administrative expenses and depreciation. All revenues and expenses not meeting the definition of operating are reported as non-operating revenues and expenses.

Space Florida accounts for all of its activities within one enterprise fund.

**USE OF ESTIMATES** – The process of preparing financial statements in conformity with U.S. generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Upon settlement, actual results may differ from those estimates.

**CASH** – Consists of cash on hand and demand deposits that are restricted and unrestricted.

**INVESTMENTS** – Investments are valued at cost, as permitted by Governmental Accounting Standards Board (GASB) Cod. Section I50 , since the stock and warrants are with privately held companies and therefore the fair market value is not readily determinable. Space Florida is allowed to invest in common stock and warrants under Florida Statute 331.305. Management has reviewed the investments and determined there is no impairment for the years ended June 30, 2013 and 2012.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**ACCOUNTS RECEIVABLE** – The receivables are funds due to Space Florida from customers. Space Florida does not charge interest on late payments. An allowance of \$200,374 was recorded at June 30, 2013, based on management’s estimate of collectability of outstanding accounts receivable balances. At June 30, 2012, management believes that all receivables are collectible.

**LOANS RECEIVABLE** – Consists of loans due from several companies (See Note 4). Management reviews each loan and based on timeliness of payments estimates an allowance.

**OTHER CURRENT ASSETS** – Consist of deposits and prepaid expenses.

**RESTRICTED ASSETS** – Consist primarily of cash received and unexpended in connection with specific State-funded projects.

**CAPITAL ASSETS** – Are defined as assets with an initial cost of more than \$1,000 and an estimated useful life in excess of one year. Capital assets are recorded at cost when purchased or at fair market value when donated. Additions, improvements and expenditures for repairs and maintenance that extend the lives of assets are capitalized. Other expenditures for repairs and maintenance are charged to expense as incurred. The carrying amount and accumulated depreciation of assets that are sold or retired are removed from the accounts in the year of disposal and any resulting gain or loss is included in results of operations.

Depreciation is provided using the straight-line method over the useful lives of the various classes of depreciable assets. The estimated useful lives of the property and equipment range from 1 to 27 years.

**OTHER NONCURRENT ASSETS** – Consist of donated Super Loki rockets stated at the lower of cost or market.

**ACCRUED COMPENSATED ABSENCES** – Space Florida’s reporting of accrued compensated absences has been recorded in accordance with GASC Section C60. A liability is accrued for an employee's right to receive compensation for future absences when certain conditions are met.

**UNEARNED REVENUES** – Include amounts collected before the revenue recognition criteria are met. The unearned items consist of refundable prepaid launch fees.

**DEPOSITS** – Consist of amounts held for tenants of the Space Life Sciences Lab (“SLSL”), and escrow for a loan receivable.

**NET POSITION** – Net position is restricted when constraints placed on funds are either externally imposed or are imposed by constitutional provisions or enabling legislation. Internally imposed designations of resources are not presented as restricted net position. At June 30, 2013 and 2012, restricted net position consists primarily of cash received and unexpended in connection with specific State-funded projects. When both restricted and unrestricted resources are available for use, generally it is Space Florida’s policy to use restricted resources first, then unrestricted resources as needed.

**CAPITAL ASSETS CONTRIBUTED TO ANOTHER GOVERNMENTAL ENTITY** – During the year ended June 30, 2012, Space Florida contributed some capital assets that it was no longer going to use to NASA.

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 2 – CASH AND INVESTMENTS

At June 30, 2013 and 2012, the carrying amount of Space Florida's deposits was \$7,048,921 and \$5,095,811, respectively, and the bank balance was \$7,214,000, and \$5,240,510, respectively. These deposits consist of demand accounts that are covered by the federal depository insurance corporation (FDIC) up to \$250,000. Monies invested in amounts greater than FDIC limits are secured by collateral held by Space Florida's agent, pursuant to the Florida Security for Public Deposits Act (the "Act"). The Act requires that Space Florida maintain deposits only in "qualified public depositories." All qualified public depositories must deposit with the State Treasurer eligible collateral in such amounts as required by the Act. Should a default or insolvency occur, the State Treasurer would implement procedures for payment of losses according to the validated claims of Space Florida. Therefore, Space Florida's deposits are considered to be fully insured.

Florida Statute 331.309 authorizes Space Florida to select as a depository any qualified public depository as defined in Florida Statute 280.02. Space Florida may also deposit funds with the State Treasury.

Cash at June 30, 2013 and 2012, consists of the following:

	2013	2012
Demand deposits	<u>\$ 7,048,921</u>	<u>\$ 5,095,811</u>
Classified as:		
Cash	\$ 3,428,643	\$ 5,042,716
Restricted cash	3,620,278	53,095
	<u>\$ 7,048,921</u>	<u>\$ 5,095,811</u>

### Credit risk

Florida Statute 331.348 authorizes Space Florida to invest in funds backed by the federal, and local governments, or any investment authorized in Florida Statute 17.57.

### Interest rate risk

Space Florida's investment policy and Florida Statutes do not limit the maturities of investments to reduce the interest rate risk.

### Foreign currency risk

Space Florida has common stock with a fair value of \$992,920 that is denominated in English Pounds. Florida Statute 331.305 authorizes Space Florida to purchase interest in foreign corporations.

### Concentration of credit risk

Space Florida's investment policy and Florida Statute 331.348 do not limit the concentration of types of investments.

## Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

### NOTE 2 – CASH AND INVESTMENTS (CONTINUED)

At June 30, 2013 and 2012, Space Florida had the following investments that were greater than 5% of their total investments:

	<u>2013</u>	<u>2012</u>
Cella Energy Limited - 35,374 shares of common stock	\$ 992,920	\$ 992,920
Instant Eyes, Inc. - 20,000 shares of common stock	249,650	249,650
Instant Eyes, Inc.- warrants to purchase 20,000 shares of common stock	249,650	249,650
Rivian Automotive, Inc. - warrants to purchase 300 shares of common stock	1,498,000	1,498,000
Speed of Need Solutions, Inc. - 25,000 shares of common stock	500,000	500,000
Speed of Need Solutions, Inc. - warrants to purchase 25,000 shares of common stock	699,300	699,300
Total	<u>\$ 4,189,520</u>	<u>\$ 4,189,520</u>

#### Custodial credit risk

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, Space Florida will not be able to recover the value of the investments that are in the possession of an outside party. Space Florida does not have a formal policy for custodial credit risk. Space Florida's investments of \$4,289,520 and \$4,189,520, as of June 30, 2013 and 2012, respectively, are for securities uninsured, unregistered and are being held by the individual companies that have issued the stock.

### NOTE 3 – DUE FROM OTHER GOVERNMENTS

Due from other governments is comprised of \$8,271,209 and \$6,579,197 of State appropriations for operations at June 30, 2013 and 2012, respectively. At June 30, 2013 and 2012, \$5,736,213 and \$2,518,384 was restricted for infrastructure and operations, respectively.

### NOTE 4 – LOANS RECEIVABLE

Space Florida entered into several loan agreements with a company and loaned them a total of \$1,036,925 through June 30, 2011 and charged 1% interest per year. During February 2012, the previous loans were refinanced and an additional \$399,076 was loaned to the Company. The loan is secured by collateral in an engine. Interest only payments are due monthly beginning March 2013 and 1% principal payments are due annually beginning February 2014 with a balloon payment due in 2022. As of June 30, 2013, one interest payment had been received; therefore, Space Florida's management has estimated a portion of the receivable will most likely not be collected and has recorded an allowance of \$142,200, and \$836,880, at June 30, 2013 and 2012, respectively.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 4 – LOANS RECEIVABLE (CONTINUED)

Space Florida entered into a loan agreement with another company (Company 2) and loaned them \$1,000,000 on May 24, 2012. Company 2 made two other draws for \$1,000,000 each during May 2013. The principal and interest is due in one payment on May 30, 2017. Space Florida can elect to have the interest paid to them in the form of common stock of Company 2. The interest accrues at a rate of 4%. As additional compensation for the loan, Space Florida will receive warrants in the future based upon when Company 2's first flight occurs. As of June 30, 2013, Space Florida did not have any warrants. Due to delays in Company 2's first flight, Space Florida's management has estimated a portion of the receivable will most likely not be collected and has recorded an allowance of \$990,000, and \$0, at June 30, 2013 and 2012, respectively.

Space Florida entered into a loan agreement with another company (Company 3) and loaned them \$100,000 on November 9, 2011. The loan accrues interest at 2% per year. The payments are interest only beginning June 2012 for six months followed by 24 monthly payments of \$2,833, and a final balloon payment of any remaining principal and interest. As of June 30, 2013, Space Florida had not received the \$23,000 of principal and interest due. Space Florida's management has estimated the receivable will most likely not be collected and has recorded an allowance of \$100,000, and \$0, at June 30, 2013 and 2012, respectively.

Space Florida entered into a loan and stock purchase agreement with another company (Company 4). Space Florida loaned Company 4 \$498,272 on July 1, 2011. The principal (\$482,272) and interest (\$4,110) were converted into 17,686 shares of stock on September 28, 2011. In addition, on September 28, 2011, Space Florida purchased an additional 17,688 shares at \$490,539 of Company 4's stock. Company 4's stock is foreign stock. There was a foreign currency translation loss on the initial loan of \$1,728, a foreign currency translation gain of \$112 for the interest earned on the loan, and a \$9,461 loss on the stock purchase.

## NOTE 5 – LEASE RECEIVABLE

Space Florida entered into a direct financing lease agreement with a company for two research vehicles in September 2011. The lease began on July 2, 2012. The lease agreement requires 60 monthly payments of \$90,959, including interest at a rate of 3.15%, beginning July 2, 2012. The lease proceeds are being used to repay a note payable used to purchase the vehicles. The same equipment is collateral for the note payable (See Note 8). There were no executory costs, unguaranteed residual values, deferred initial direct costs, or unearned income.

The future payments are as follows:

Year ending June 30,	Principal	Interest	Total
2014	\$ 976,851	\$ 114,654	\$ 1,091,505
2015	1,007,957	83,548	1,091,505
2016	1,040,053	51,452	1,091,505
2017	1,073,172	18,333	1,091,505
Totals	<u>\$ 4,098,033</u>	<u>\$ 267,987</u>	<u>\$ 4,366,020</u>

### NOTE 7 – LINE OF CREDIT

Space Florida entered into a line of credit in September 2011, and has available \$3,000,000. At June 30, 2013 and 2012, \$1,331,582 and \$677,012, respectively, was outstanding under this line of credit. The line of credit matures on June 30, 2014. Interest on the line of credit's outstanding balance is charged on a monthly basis and is at the LIBOR rate plus a 3.25% percent margin (3.45% as of June 30, 2013 and 3.5% as of June 30, 2012).

Interest expense under this line of credit was \$59,215 and \$19,936 for the years ended June 30, 2013 and 2012.

Line of credit activity for the year ended June 30, 2013, was as follows:

Line of Credit	Balance June 30, 2012	Additions	Reductions	Balance June 30, 2013
		<u>\$ 677,012</u>	<u>\$ 5,997,216</u>	<u>\$ (5,342,646)</u>

## NOTE 8 – LONG-TERM DEBT

### Note Payable

On September 16, 2011, Space Florida entered into a loan agreement with a bank in the amount of \$5,000,000. The note was issued for a period of 5 years with an interest rate of 3.15%. Monthly payments of \$90,959 are due on the 30<sup>th</sup> of every month beginning July 30, 2012. The outstanding principal balance as of June 30, 2013 and 2012 was \$4,098,033 and \$5,000,000, respectively. Payment of principal and interest on the note payable is secured by collateral of equipment leased in a direct financing lease (in Note 5).

Annual debt service requirements to maturity for the note payable outstanding are as follows:

Year ending June 30,	Principal	Interest	Total
2014	\$ 976,851	\$ 114,654	\$ 1,091,505
2015	1,007,957	83,548	1,091,505
2016	1,040,053	51,452	1,091,505
2017	1,073,172	18,333	1,091,505
Totals	<u>\$ 4,098,033</u>	<u>\$ 267,987</u>	<u>\$ 4,366,020</u>

### Changes In Long-Term Liabilities

Long-term liability activity for the years ended June 30, 2013 and 2012, was as follows:

	Balance June 30, 2012	Additions	Reductions	Balance June 30, 2013	Due Within One Year
Notes payable	\$ 5,000,000	\$ -	\$ (901,967)	\$ 4,098,033	\$ 976,851
Compensated absences	141,097	72,421	(70,197)	143,321	65,718
Total	<u>\$ 5,141,097</u>	<u>\$ 72,421</u>	<u>\$ (972,164)</u>	<u>\$ 4,241,354</u>	<u>\$ 1,042,569</u>

	Balance June 30, 2011	Additions	Reductions	Balance June 30, 2012	Due Within One Year
Notes payable	\$ -	\$ 5,000,000	\$ -	\$ 5,000,000	\$ 901,404
Compensated absences	102,321	114,656	(75,880)	141,097	70,197
Total	<u>\$ 102,321</u>	<u>\$ 5,114,656</u>	<u>\$ (75,880)</u>	<u>\$ 5,141,097</u>	<u>\$ 971,601</u>

## NOTE 9 – CONDUIT DEBT

As defined by GASC Section C65, conduit debt obligations are certain limited obligation debt instruments issued by a state or local governmental entity for the express purpose of providing capital financing for a specific third party that is not a part of the issuer's financial reporting entity. Although the conduit debt obligations bear the name of the governmental entity, the entity has no obligation to repay the conduit debt beyond the resources provided by a lease or loan to the third party. GASB has concluded that conduit debt does not create a liability for the governmental entity and, therefore, is not reflected on the entity's basic financial statements. Space Florida has participated in the issuance of conduit debt projects that are not reflected on the statement of net position of its basic financial statements.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## **NOTE 9 – CONDUIT DEBT (CONTINUED)**

The conduit debt transactions discussed below are limited obligation debts of Space Florida and are payable solely from the pledged revenues described in the respective debt agreements. Neither the faith nor credit, nor the taxing power of Space Florida, the State of Florida, nor any subdivision thereof is pledged to the payment of the debts.

During January 2000, the Florida Space Authority entered into an agreement to assist in the financing and modification of Launch Complex 41 for use of the Atlas V rocket. This project was completed during the year ended June 30, 2003. The original value of the Florida Space Authority assisted financing on this project was approximately \$294,117,000. With the dissolution of the Florida Space Authority on September 1, 2006, the conduit debt was assigned to Space Florida. The debt was refinanced in November 2010 with a principal balance of \$100,000,000. As of June 30, 2013 and 2012, respectively, the outstanding balance was approximately \$70,530,895 and \$76,851,661. Rental revenue received on the Atlas V facility is being used to pay off the debt, and debt payments are made by United Launch Alliance.

During July 2005, the Florida Space Authority entered into an agreement to assist in the financing related to the construction of a Shuttle Launch Experience facility to be located at the Kennedy Space Center. With the dissolution of the Florida Space Authority on September 1, 2006, the conduit debt was assigned to Space Florida. The project was completed during the year ended June 30, 2009, at which point the total value of the Florida Space Authority assisted financing on this project was approximately \$35,000,000.

During March 2007, Space Florida entered into an agreement to assist in additional financing related to the construction of a Shuttle Launch Experience facility to be located at the Kennedy Space Center. The project was completed during the year ended June 30, 2009, at which point the total value of the Space Florida assisted financing on this project was approximately \$5,000,000.

During March 2012, Space Florida entered into an agreement to assist with financing related to the construction of the Space Shuttle Atlantis Exhibit. This is being attached to the Shuttle Launch Experience facility. The \$35,000,000, and \$5,000,000 were refinanced into one loan with an additional \$22,500,000. The total amount of assisted financing is \$62,500,000. As of June 30, 2013 and 2012, the outstanding balance on Space Florida assisted financing was approximately \$59,608,251 and \$18,238,811. The debt will be repaid from a percentage of ticket sale revenues at the Kennedy Space Center Visitor Complex, and debt payments are made by the Kennedy Space Center Visitor Complex.

## **NOTE 10 – SRMU STORAGE FACILITY**

On May 15, 2007, Space Florida entered into an agreement to lease the Titan IV Solid Rocket Motor Upgrade (SRMU) storage facility constructed at Camp Blanding, Florida. The lease is currently extended through September 30, 2013, and may be extended for up to six additional one year periods. However, the tenant may terminate the lease with a 90-day written notice. During the years ended June 30, 2013 and 2012, Space Florida recorded lease revenue of \$532,250 and \$512,013, respectively.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 10 – SRMU STORAGE FACILITY (CONTINUED)

The SRMU storage facility was constructed on land owned by the State of Florida Armory Board. The annual land use fee for fiscal years 2013 and 2012 is approximately \$250,000 and \$227,000, respectively, and is payable by Space Florida in monthly installments of approximately \$21,000 and \$19,000, respectively.

If the current tenant chooses not to renew the lease and no suitable lease agreement is secured with another tenant, management believes the service utility of the facility would be significantly reduced. Under such circumstances, and in accordance with GASB Cod. Section 1400, *Reporting Capital Assets and for Insurance Recoveries*, Space Florida would be required to report an impairment loss, not to exceed the then carrying value of the facility, which was \$5,629,792 and \$6,057,627 as of June 30, 2013 and 2012, respectively. However, management believes the current tenant will continue to renew the lease. Accordingly, no impairment loss has been recorded as of June 30, 2013 or 2012.

## NOTE 11 – SPACE LIFE SCIENCES LAB

Space Florida leases the Space Life Sciences Lab (SLSL) to NASA and other lessees under lease agreements that end between September 30, 2013 and August 13, 2015. The net carrying value of the facility at June 30, 2013 and 2012 was \$19,293,801 and \$19,884,049, respectively. During the years ended June 30, 2013 and 2012, Space Florida recorded lease revenue of \$997,000 and \$1,057,000, respectively.

During the years ended June 30, 2013 and 2012, Space Florida recorded operations and maintenance expenses related to the SLSL facility of \$1,615,206 and \$1,691,145, respectively. Space Florida collects maintenance fees from all but one tenant as part of their lease agreements.

Space Florida will collect future minimum lease revenue of \$398,373 and \$63,662 in the years ending June 30, 2014 and 2015, respectively.

## NOTE 12 – HANGAR LEASE

During fiscal year 2011, Space Florida entered into lease agreements to rent hangars in order to attract new business to Brevard County. The leases expired in December 2012, with monthly payments ranging from \$5,637 to \$12,600. The leases were extended for another year, but were assigned to another company at June 30, 2013; therefore, there are no minimum future rental payments.

The rent expense for the years ended June 30, 2013 and 2012 was \$446,940 and \$425,925, respectively.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 13 – RIGHTS AND ACCESS

### Launch Complex 36

Space Florida was granted a license (right to use) to Space Launch Complex 36 at Cape Canaveral Air Force Station from the Secretary of the Air Force for a period of five years commencing in November 2009 and ending November 2014. Space Florida anticipates renewal of the license in five year increments. The intended purpose of the complex, with certain limitations as described in the license agreement, is for the construction and operation of a multi-use vertical launch complex capable of supporting several launch vehicle configurations ranging from light to medium lift. The license is revocable at the will of the Secretary of the Air Force.

### Launch Complex 46

Space Florida was granted a license (right to use) to Space Launch Complex 46 (SLC-46) at Cape Canaveral Air Force Station from the Secretary of the Air Force for a period of five years from September 2008 and ending September 2013. Space Florida anticipates renewal of the license in five year increments. The intended purpose of the complex, with certain limitations as described in the license agreement, is for the construction and operating of a launch complex that is capable to support space launches and other directly related activities for government, education and commercial purposes. Through an agreement with the Air Force and Navy, Space Florida shares SLC-46 site with the Naval Ordnance Test Unit (NOTU). The license is revocable at the will of the Secretary of the Air Force.

### Exploration Park

On January 1, 2009, Space Florida entered into a 60 year enhanced use lease agreement, including additional extension options, with NASA's John F. Kennedy Space Center for 60 acres and an optional 139 additional acres located adjacent to the SLSL. The intended purpose of this property, with certain limitations as described in the lease agreement, is for the development of a mixed-use, multi-tenant technology and commerce park referred to as "Exploration Park." The park is intended to host diverse aerospace-related activities for commercial, civil, and military tenants. There are no lease payments made for the lease agreement.

## NOTE 14 – PROTOTYPE TESTING AGREEMENTS

During June 2010, Space Florida entered into an agreement to purchase an ultra-efficient vehicle prototype from a third party entity (Seller 1) for \$500,000, for the purpose of testing the technology and capabilities of the prototype. Seller 1 delivered the prototype on October 15, 2010, and the testing period began.

Under the terms of the agreement, upon expiration of the testing period, Space Florida was to lease back the prototype to the seller. The sales lease back began on October 15, 2010 at the rate of \$100 per year for 10 years. At the end of the lease, Seller 1 has the option to repurchase the prototype for \$100. As additional consideration for the lease and option to purchase, the Seller issued to Space Florida a warrant with a 10 year term to acquire 100 shares of Seller 1's common stock, which is estimated to equal a 1% ownership interest in Seller 1. The common stock warrants allow shares to be purchased for \$1,000 per share.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## NOTE 14 – PROTOTYPE TESTING AGREEMENTS (CONTINUED)

During March 2011, Space Florida entered into an additional and separate agreement with Seller 1 to purchase three vehicles for \$1,000,000. As of June 30, 2011, the vehicles were in the final design and construction phase and were expected to be completed during fiscal year ended June 30, 2012. In May 2012, Space Florida and Seller 1 agreed to change the deliverable of this agreement to a new Prototype and extend the commencement date of the lease to October 15, 2013 in order to provide a more appropriate response to the market. At the completion of the prototype, the vehicle will be leased back to Seller 1 at \$100 per year for 10 years. Seller 1 has an option to purchase the vehicle at the end of the lease for \$100. Seller 1 issued Space Florida a warrant with a 10 year term to acquire 200 shares of the Seller's common stock. The warrants allow common stock shares to be purchased for \$1,843 per share and is equal to a 2% ownership interest in Seller 1.

Also, in March 2011, Space Florida entered into an agreement to purchase a prototype from Seller 2 for \$1,200,000, for the purpose of testing the technology and capabilities of the prototype. Of the \$1,200,000, \$500,000 was a loan convertible into common stock of Seller 2. Space Florida converted the loan during the fiscal year ended June 30, 2012 and obtained 25,000 shares of common stock of Seller 2. A sales lease back will begin on the completion of the construction of the prototype. Seller 2 will lease the vehicle for 7 years for \$100 a year, and at the end of the lease can purchase the prototype for \$100. As additional consideration for the lease, Seller 2 gave Space Florida warrants to purchase 25,000 shares of common stock in Seller 2, this is an estimated ownership of 2.5% in Seller 2. The warrants can be exercised for \$0.01 a share.

In June 2011, Space Florida entered into an agreement to purchase a prototype from a third party (Seller 3) for \$500,000, for the purpose of testing the technology and capabilities of the prototype. A sales lease back began in February 2013. Seller 3 will lease the vehicle for 7 years for \$100 a year, and at the end of the lease can purchase the prototype for \$100. As additional consideration for the lease, Seller 3 gave Space Florida warrants to purchase 20,000 shares of common stock in Seller 3, this is an estimated ownership of 2% in Seller 3. The warrants can be exercised for \$0.01 a share.

As of June 30, 2013 and 2012, the warrants and common stock are recorded in investments, and the receivables for the capital leases are included in other assets.

## NOTE 15 – RETIREMENT PLAN

Effective September 1, 2006, Space Florida established a Simplified Employee Pension Plan (the "Plan"). The Plan eliminates the taxation required for the social security element of the Federal Insurance Contributions Act (FICA) for all participants and for Space Florida. Employees may not contribute to social security while participating in the Plan.

All employees of Space Florida are eligible to participate in the Plan immediately. Participants vest at 100% upon entering the Plan and retirement is set at age 65. The Plan is non-contributory for employees and, therefore, all contributions are the obligation of Space Florida. Contributions to the Plan for the years ended June 30, 2013 and 2012 were \$391,938 and \$372,148, respectively, and represented 15% of total eligible employee gross compensation for each period.

# SPACE FLORIDA

Notes to the Financial Statements

For the years ended June 30, 2013 and 2012

---

## **NOTE 16 – COMMITMENTS AND CONTINGENCIES**

### Commitments

Contract commitments at June 30, 2013 and 2012 were approximately \$4,530,563 and \$3,762,033, respectively, and related to the prototype testing agreement (Note 14) and certain other consulting agreements.

### Economic Dependency

Space Florida received approximately 89% and 87% of its total support from State legislative appropriations and grants during the years ended June 30, 2013 and 2012, respectively.

### State Appropriated Funds & Federal Contracts

Amounts received from State and Federal agencies are subject to audit and adjustment at the discretion of these entities. If expenditures are disallowed as a result of these audits, the claims for reimbursement to the agency would become a liability of Space Florida.

## **NOTE 17 – RELATED PARTY TRANSACTIONS**

On August 8, 2011, Space Florida gave \$1,250,000 for start-up costs to a related party whose board included Space Florida employees. Space Florida will also provide office space at SLSL, at no cost, to the third party for three years.

## **NOTE 18 – RISK MANAGEMENT**

Space Florida purchases commercial insurance for worker's compensation, health and property insurance for their major capital assets. Therefore all risks of loss are fully insured.

## **NOTE 19 – FUTURE ACCOUNTING PRONOUNCEMENTS**

The Governmental Accounting Standards Board has issued statements that will become effective in subsequent fiscal years. The statements address:

- Items previously reported as assets and liabilities;
- Accounting and financial reporting for pensions;
- Mergers, acquisitions and transfers of operations; and
- Financial guarantees.

Space Florida is currently evaluating the effects that these statements will have on its financial statements for subsequent fiscal years.

## **NOTE 20 – RECLASSIFICATION**

Certain items on the statement of net position for the year ending September 30, 2012 were reclassified to conform with the September 30, 2013 presentation.

**Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

The Board of Directors  
Space Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Space Florida, as of and for the year ended June 30, 2013 and the related notes to the financial statements, which collectively comprise Space Florida's basic financial statements, and have issued our report thereon dated September 19, 2013.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered Space Florida's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Space Florida's internal control. Accordingly, we do not express an opinion on the effectiveness of Space Florida's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Space Florida's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Carr Riggs & Ingram, LLC*

Melbourne, Florida  
September 19, 2013

**Independent Auditors' Report on Compliance with Requirements that Could Have a Direct and Material Effect on Each Major Federal Awards Program and State Project and on Internal Control over Compliance in Accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General**

The Board of Directors  
Space Florida

**Report on Compliance for Each Major Federal Program and State Project**

We have audited Space Florida's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* and the *State Projects Compliance Supplement* that could have a direct and material effect on each of Space Florida's major federal programs and state projects for the year ended June 30, 2013. Space Florida's major federal programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs and state projects

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of Space Florida's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*; and Chapter 10.550, Rules of the Auditor General. Those standards, OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about Space Florida's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of Space Florida's compliance.

***Opinion on Each Major Federal Program and State Project***

In our opinion, Space Florida complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended June 30, 2013.

## Report on Internal Control Over Compliance

Management of Space Florida is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Space Florida's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Space Florida's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General. Accordingly, this report is not suitable for any other purpose.

No matters were reported.

## **Section IV—State Project Findings and Questioned Costs**

No matters were reported.

## **Section V—Other Issues**

No Summary Schedule of Prior Audit Findings is required because there were no prior audit findings related to Federal award or State financial assistance projects.

No Corrective Action Plan is required because there were no findings required to be reported under either OMB Circular A-133 or the Florida Single Audit Act.

## Independent Auditors' Management Letter

The Board of Directors  
Space Florida

We have audited the financial statements of Space Florida as of and for the fiscal year ended June 30, 2013, and have issued our report thereon dated September 19, 2013.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*; and Chapter 10.550, Rules of the Florida Auditor General. We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Federal Program and State Project and on Internal Control over Compliance in Accordance with OMB Circular A-133 and Chapter 10.550, Rules of the Auditor General, and Schedule of Findings and Questioned Costs. Disclosures in those reports and schedule, which are dated September 19, 2013, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.550, Rules of the Auditor General, which governs the conduct of local governmental entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditors' reports or schedule:

- ❖ Section 10.554(l)(i)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no corrective actions to be taken as there were no findings and recommendations made in the preceding annual financial audit report.
- ❖ Section 10.554(l)(i)2., Rules of the Auditor General, requires our audit to include a review of the provisions of Section 218.415, Florida Statutes, regarding the investment of public funds. In connection with our audit, we determined that Space Florida complied with Section 218.415, Florida Statutes.
- ❖ Section 10.554(1)(i)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- ❖ Section 10.554(l)(i)4., Rules of the Auditor General, requires that we address violations of provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.

- ❖ Section 10.554(1)(i)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that have an inconsequential effect on financial statements, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse, and (2) deficiencies in internal control that are not significant deficiencies. In connection with our audit, we did not have any such findings.
- ❖ Section 10.554(l)(i)6., Rules of the Auditor General, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority of Space Florida is disclosed in the footnotes. There are no component units.
- ❖ Section 10.554(l)(i)7.a., Rules of the Auditor General, requires a statement be included as to whether or not the local governmental entity has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the special condition(s) met. In connection with our audit, we determined that Space Florida did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- ❖ Section 10.554(l)(i)7.b., Rules of the Auditor General, requires that we determine whether the annual financial report for Space Florida for the fiscal year ended June 30, 2013, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended June 30, 2013. In connection with our audit, we determined that these two reports were in agreement.
- ❖ Pursuant to Sections 10.554(1)(i)7.c. and 10.556(7), Rules of the Auditor General, we applied financial condition assessment procedures. It is management's responsibility to monitor Space Florida's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

This report is intended solely for the information and use of management, Space Florida's Board of Directors, others within the entity, Federal and State awarding agencies, specific legislative or regulatory bodies, and the State of Florida Office of the Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
