Reply to Attn of: AD

Dr. George C. Nield
Associate Administrator for Commercial Space Transportation
Federal Aviation Administration
800 Independence Avenue, SW, Suite 331
Washington, DC 20591

Dear Dr. Nield:

The purpose of this letter is to show Kennedy Space Center (KSC) support for your efforts as the lead Federal agency in the preparation of an Environmental Impact Statement (EIS) for the potential development of a commercial vertical launch capability at the north end of KSC, in the area known as Shiloh, as proposed by Space Florida. As the owner of the property, KSC will participate with you and Space Florida as a cooperating agency in preparing this EIS.

KSC is committed to working closely with the state of Florida in enabling commercial space operations from KSC.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert D. Cabana".

Robert D. Cabana
Director
